

FURTHER INFORMATION

We need more local people involved in this vision. For more information on what we are doing contact the Community Trust or follow our facebook page

 **new luce community trust**

WHO WE ARE

The New Luce Community Trust is made up of people living in and around New Luce.

We are unpaid volunteers and we are responsible for distributing community benefits from the windfarms.

WHAT WE DID

We asked you, the people of New Luce, how to spend the windfarm money.

124 people attended the public meetings, 68 people completed the surveys. We spoke to 17 stakeholders and 20 people including 15 children who attended 3 focus groups. From this we have developed a Community Action Plan.

WHAT YOU SAID

You rated the area 9 out of 10 as a place to live and said the best aspects of our community are the natural environment and our community spirit.

You told us you want better communications, better use of our buildings and activities or assets that will bring people to New Luce.

WHAT THIS LED TO

As a result of this information we have drafted a long term vision for the community of New Luce.

We cannot achieve this vision alone. The community has had a good level of involvement so far and this needs to continue. This is an Action Plan for our whole community.

Turn over to have a look.
