Winter Fuel

Applications for the Winter Fuel Project for year 2021 have now been posted out to all households.

Forms need to be completed and returned by Fri 27th Nov.

Payments will be issued in Dec 2020.

Annual General Meeting (AGM)

The AGM for the Trust will take place on Wednesday 4th November at 7.30pm.

Due to current restrictions that are in place the meeting will be conducted virtually via the digital platform **ZOOM**

Any members of the public who wish to attend the meeting, please contact Sharon who will send a link to access the meeting.

There will be an Election at the AGM for new Directors—All members will shortly be sent nomination forms and appropriate paperwork to allow them to take part in the voting process.

4G Mobile Signal

The mast is now operational and at present hosts the Network Provider Vodafone .

EE should be live by December '20

The mast also provides a connection for Smart Meters –If you are interested contact your energy supplier for details of how to access this.

Kenmuir Arms

The Trust now have full planning permission and building warrant permissions in place to start the refurbishment works.

After a robust tendering process quotes have been received for the works and are in the process of being scrutinised. Once we have selected the preferred contractor we will work with them to get all the pre start work completed and hope to have the actual works started within the next few months.

Originally the project programme was 6 months, however with the current restrictions and no crystal ball to see into the future, this may end up being longer.

The Trust are also working very hard with various professionals to create a lease and associated paperwork that will be required to appoint a tenant to run the business.

Plans for the building can be found on our website:
