{For all enquiries please use contact details as on page 2}

Community Land Ownership

We have recently been asked by the Community Council if we can consult with local people about purchasing land for and on behalf of the community.

This is not in our Community Action Plan for the next 5-10 years, as this was not brought up by the community, however an individual has asked about this, and we as a Trust are happy to collate any feedback, and add to our CAP if appropriate.

Community Land Ownership or the community right to buy is a Scottish Government Initiative where a community can register an interest in a piece of land, and if it comes up for sale they have an opportunity to purchase this.

There has to be a clear plan of what you want to do with this land and why it is important to your community—this all has to be detailed in the initial application, with a percentage of the community buying into the project

Please complete the attached form and return to collection boxes located in the Post Office and Village Hall or email: Sharon@newlucect.org
